TRANSMITTAL SLIP		DATE FEB 1965
TO: Deputy Director (Support)		
ROOM NO. 7D18	BUILDING Hqs.	
REMARKS: <p>The Red Cross "working level" has been in touch with our blood donor people on this already. Although there may be some problem in getting the donors to accept the early scheduling, we are sure that a fair number among our "downtonw" donor group can contribute to this program. This group averages from 20 to 40 per month.</p>

Honorable Stewart L. Udall
Secretary of the Interior
Washington 25, D. C.

Dear Mr. Udall:

As Chairman of the Agency's blood donor program, I have been asked to respond to your letter of 22 March concerning the new blood collecting technique to be started at the Red Cross Blood Donor Center in Washington.

We have been in touch with Red Cross representatives at the Washington Center and the local chapter concerning this program and are enthusiastic about the prospects of participating in it. Although the details have not been worked out as yet, we are sure that many of our employees who donate through the Washington Center will be able to participate.

This program has a special appeal since the individual knows the important specific use to be made of his donation. You may be sure that we will give the Red Cross Blood Donor representatives our fullest cooperation.

Sincerely,

Immett D. Echols
Immett D. Echols
Director of Personnel
